6. [] Hand carried to William Woodruff, on the staff of the Senate Appropriations Committee, "fact sheets" and photographs on the Harke and Homer Soviet helicopters in response to his earlier request. Woodruff asked if I knew the status of the Army's assessment of the Harke and I responded by indicating that we did not keep up with this on a day-to-day basis but it was my understanding that a substantial assessment had been made by the Army's Foreign Science and Technology Center and a report prepared on the basis of this which was probably available through Army channels.

Talked with Woodruff about arranging for him and Robert Michaels, on the staff of the House Appropriations Committee, to visit the Agency to view the Soviet film, "True Sons of the People" and to receive a briefing on a special project. This has been set for Thursday at 9:00 a.m.

I briefed Woodruff on the following items:

- a. Soviet naval exercises in the Mediterranean.
- b. Soviet satellite reconnaissance.
- c. Soviet propaganda attacks on Yugoslavia and Romania.
- d. Strategic arms talks.
- e. Recent developments in Soviet attitude toward China.
- f. North Korean exploitation of U.S. aircraft shoot-down.
- g. "Realists" in new Czechoslovakian Government.

25X1 3. [] Talked with Mr. Robert Michaels, on the staff of the House Appropriations Committee, who advised that he would appreciate a viewing of the film, "True Sons of the People" and suggested that next Wednesday morning would be a good time for him, if it could be worked out with Mr. William Woodruff, on the staff of the Senate Appropriations Committee. STATOTHR I talked with Mr. Harold Burman and advised him of Senator Pell's interest in the claim on [] Mr. Burman thanked me for the advice and indicated he would draft a response from the Department to the Senator that would not inhibit the Senator's ability to introduce private legislation in this matter even though there is no support that can be provided by the Department or the Agency in identifying the individual with employment by American intelligence services during the period in question. 4. Hand carried to William Woodruff, on the staff of the Senate Appropriations Committee, an additional map book for Senator Richard B. Russell's (D., Ga.) use and an additional copy of our Indochina map folio.

In connection with his expression of interest in the Soviet film, "True Sons of the Soviets," I mentioned to Woodruff that this film was being shown to the House Armed Services Committee today and that we could make arrangements for him to see it at his convenience. He suggested that we try to do this sometime next week. He added that he thought Robert Michaels, on the staff of the House Appropriations Committee, would also like to attend the viewing. We are coordinating this with Mr. Michaels.

I mentioned Senator Stuart Symington's (D., Mo.) conversation with the Director on the subject of the Agency's budget figure and Mr. Woodruff and I discussed this at some length. We agreed that the best course would be for us to make it clear to the Senator that there was certainly no objection to his receiving this information (which he has, in fact, received on prior occasions as a member of the CIA Subcommittee) but pointing out that any public discussion of the Agency's budget, even in veiled terms, could be counter productive.

I mentioned to Woodruff the request which we had received from Mr. Bruston, on the staff of Senator Gaylord Nelson (D., Wis.), for a briefing of the Senator on the Soviet and Chinese Communist's threat and Bruston's request to attend such a briefing. I told Woodruff we were taking this up with the Director but, in any event, planned to exclude any members of Senator Nelson's staff from a briefing which may be given by us. Woodruff acknowledged that requests like these posed a serious problem and mentioned in passing the possibility of having Senator Russell hold a committee meeting to which all senators would be invited and at which Mr. Helms would brief all interested members of the Senate at one time. This was merely a reaction of Woodruff's and certainly did not reflect any views on Senator Russell's part to this effect.

Woodruff and I discussed, at some length, Senator Symington's new subcommittee of the Senate Foreign Relations Committee and the staff of that subcommittee. Woodruff expressed some concern in this connection. (See Memo for the Record for details.)

Woodruff asked if we would provide him with a "fact sheet" on the new large Soviet helicopter. He said he wanted this in connection with Senator Russell's consideration of a request from the Army for R and D money for the development of a new helicopter. Woodruff felt that any appropriations funded for the Army for this purpose should be delayed until the U.S. analysis of the Soviet helicopter had been completed.

25X1 5. [] At his request, delivered to Mr. J.R. Blandford, Chief Counsel, House Armed Services Committee, the transcript of the Director's briefing of the Armed Services Committee of 18 March for use by the Committee during Secretary Laird's appearance. The transcript was returned to the Agency at the end of the day.

Finalized the arrangements with Mr. Blandford for tomorrow's presentation of the film, "True Sons of the Soviets," for the full Armed Services Committee at 8:30 a.m. in the Committee Room.

Delivered to Mr. Michaels the Agency study prepared at the Chairman's request entitled, "Chromite: World Demand and Supply." I also briefed Mr. Michaels on the continuation of Soviet propaganda attacks on Yugoslavia and Rumania, Soviet disarmament talks and Soviet/Chinese attitudes.

25X1 7. [] Mr. Wayne Granquist, Administrative Assistant to Senator Abraham A. Ribicoff (D., Conn.), called to say the Senator would appreciate it if the Agency representative in Saigon could contact the two investigators (LaVern Duffy and Carmen Bellinno) from the Senate Permanent Subcommittee on Investigations. He said he had received a report from the investigators from Hong Kong which stated the Agency was "substantially involved," presumably as a supplier of information. (The investigators are looking into black market and currency manipulations. See memo for the record of 20 March 1969.) I told Granquist I would be back in touch and informed [] FE Division, of this request.
